Classroom Information

In today's Monday folder, you may receive an interim report if your child is having difficulty in any area of the curriculum or receives extra support in an area. If your child has an interim report, take a few moments to review it. Please sign and return the interim report. If you have any questions or would like a conference to discuss the interim, please contact me.

Please remind your child to read nightly and review the social studies study guide. Many students have difficulty with number sense. This involves knowing what is one more than a number, one less, 10 more, 10 less, one hundred more, one hundred less. This week we will be reading and writing numbers to the hundred thousand place so number sense becomes even more critical. Please practice number sense at home.
